RABBIS CARRY OUR ORGAN DONOR CARD

WHY NOT YOU?

ACCOMPLISHMENTS

- HODS saved hundreds of lives.
- HODS performed a kiddush Hashem, changing perceptions about Jews regarding organ donation.
- HODS educated more than 40,000 people in more than 700 lectures.
- HODS recruited hundreds of rabbis to register and carry organ donor cards.
- HODS raised awareness of *halachic* support for organ donation by publishing more than 200 articles, editorials, and letters to the editor.
- HODS helped increase Israeli donor registration rate from 3% to 15%.

HODS MISSION

To save lives by
increasing organ
donations from Jews to
the general population.

I, Norman Lamm
agree to donate my organs for life-saving transplantation (not for
medical research) after (the option checked below):
☒ Irreversible cessation of autonomous breathing, that is confirmed by
brain death. [This is the position of the Chief Rabbinate of Israel.]
☐ Irreversible cessation of heartbeat. [From a medical perspective, this
limits the number of organs that may be recovered.]
All preparations for transplant must be done in consultation with my
family-approved Rabbi. All medical procedures must be done with
utmost care, respect, and minimal damage to the cadaver.
